

RE100 Leadership Awards 2021

Join us to find out which companies will be crowned this year's winners as we recognise their achievements in transforming the renewable electricity landscape.

The RE100 Leadership Awards showcase the ambition of RE100 companies who are at the forefront of the clean energy transition. From companies embarking on their renewable electricity journey, to those shaping the policy landscape, RE100 members are leading the shift to RE100% renewable electricity and inspiring others to take action.
