Concerning: Global Climate Leadership Memorandum of Understanding

Verzenddatum

18 NOV. 2015

Dear Mr. Rodriguez,

Kenmerk

679424/702795

First of all, I would like to thank you for the invitation to participate in the Global Climate Leadership Memorandum of Understanding. The province of Noord-Holland will indeed gladly participate in this Memorandum of Understanding. In Appendix A you will find our proposal for our involvement.

Noord-Holland has a lot to offer with regards to the production of clean and reliable energy. We offer wind, water, sun, harbours, excellent research institutions and innovative companies. These aspects contribute to economic growth and the reduction of CO₂-emissions. With that, many new jobs are created.

We have asked our diplomatic liaison Mr Peter van Deventer to organise a date and time for the signing ceremony.

Yours sincerely,

Secretary

King's Commissioner

G.E.A. van Craaikamp

J.W. Remkes
